Haven’t Got Time For The Pain – Carly Simon

Bm7       D                    G               C
All those crazy nights, when I cried myself to sleep
     G     Cadd2           G        G7
Now melodrama never makes me weep, anymore
F     G7      Am                      D
Cause I haven’t got time for the pain
     F              Am        D
I haven’t got room for the pain
     F              Am        D
I haven’t the need for the pain
     G                     G7
Not since I’ve known you

Am            D           G                  D2
You showed me how, how to leave myself behind
     G     Cadd2           G     G7
How to turn down the noise in my mind

F     G7      Am                      D
Now I haven’t got time for the pain
     F              Am        D
I haven’t got room for the pain
     F              Am        D
I haven’t the need for the pain
     G                     G7
Not since I’ve known you

F              Am        D
I haven’t got time for the pain
     F              Am        D
I haven’t got room for the pain
     F              Am        D
I haven’t the need for the pain

Bm7       D                    G               C
Suffering, was the only thing, that made me feel I was alive
     G     Cadd2           G        G7
Thought that’s just how much it cost to survive, in this world
     Am            D           G                  D2
Till you showed me how, how to fill my heart with love
     G     Cadd2           G     G7
How to open up and drink in all that white light
     G                     G7
Pouring down from the heavens
F           Am           D
I haven’t got time for the pain
F           Am           D
I haven’t got room for the pain
F           Am           D
I haven’t the need for the pain
G              G7
Not since I’ve known you

F           Am           D
I haven’t got time for the pain
F           Am           D
I haven’t got room for the pain
F           Am           D
I haven’t the need for the pain  2x
